Please take the time to go through this and be sure to reach out with any questions or concerns.

Brides Name: _____ Grooms Name: _____ Wedding Date: _____

Location of Ceremony _____ Location of Reception _____

Who will your photographer coordinate with on the day of your wedding: _____

Does your church have any restrictions that the photographer needs to be aware of. (ie. can not go further than the last person in the pews or no flash photography):

Are there any special traditions in your ceremony, any special actions, or anything else that you want covered?

Are any special items, such as heirlooms, special decorations, articles of clothing, or anything else you want photographed?

Will the bride and groom see each other before the ceremony. yes no

Take into consideration that to get the creative portraits of the two of you in wedding dress and tux on your wedding day you will need to allow adequate time for the photographer to spend with just the two of you. If this is important to you please consider seeing each other before the ceremony so you can allow the photographer to shoot. Or allow enough time between the ceremony and the reception to do this.

PORTRAITS & GROUPS PICTURES

The photographer will require about 15 minutes of setup time

The photo session itself will normally take up to an hour depending on the size of your list.

If you elect to have group photos taken after the ceremony it is your responsibility to keep your family and friends from wandering off or heading to the reception. If you would like creative shots of Bride and Groom together you need to schedule at least an additional 30 minutes.

Do you want to take the Group Photos before or after the ceremony? Before After
